About the host: A scientist by profession with a love for the arts. Born in India, moved to the United States at the age of 16, straddling the two cultures and struggling with "belonging" in either one for the longest time! Today, I embrace my unique identity with pride and hope to pass along that sense of ownership and belonging to my soon to be 5 year old! Curated art and craft sessions that explore spring traditions such as Holi, Floriade, Songkran water festival and others around the world with a hope to bring "connectivity through creativity"

Monday – Wednesday, 3/25 – 3/27
